

Where To Go?

How to get the most from the geographic features

Can this opportunity be done remotely?

OFF Volunteers can do this online or remotely

If your opportunity can be done from anywhere at anytime, click this toggle on. If the opportunity requires the individual to be in a physical location at any time then make sure this feature is turned off.

Activity Location

This posting does not have a physical location.

Address line 1

Address line 2

City

Province

Postal Code

This is the spot to put the location of where the opportunity will occur. You can be as specific as you want. Make sure to include the city, province and postal code to help the platform show it to people in those areas. By providing an accurate location you are equipping the human who is interested in this role to make sure it is the right fit for them. If you are in a different location than the activity is taking place be sure to put the location the activity is happening.

eg. A youth organization looking for help for programs occurring around the city should use the location where their program occurs not the location of their main office.

Audience

Public Details

You get to decide where you want to recruit from!

Local is close to the location of the opportunity.

Regional is across the province/territory (you can select several)

National is across the country. This will show your opportunity to people located in those areas. This is awesome feature for organizations who are looking for humans for events happening in various communities across Canada.
